

HEALING IMAGERY GROUPS FOR CANCER PATIENTS AND THEIR LOVED ONES

Come take a break by taking a mini-vacation through your imagination and relax. Use your body's natural resources to renew your energy, lessen discomfort, sleep better, and promote healing. If you or someone you love is undergoing cancer treatment, you are invited to a **free** Healing Imagery session at **Breast Cancer Connections** or the **Palo Alto Medical Foundation** (see rotating calendar below). Led by Mary Horngren, Medical Hypnotherapist, these evenings are designed for people undergoing cancer treatment, cancer survivors, and their loved ones.

Each imagery session focuses on you and your healing. Using guided imagery, you will be gently transported to a very relaxed state through pictures using all of your senses: taste, touch, sight, smell and sound. When you reach this state of stillness, you can access your subconscious mind to foster healing, positivity and transformation of body, mind, and spirit.

Please join us! Just drop in a little before the start times listed below. Bring any member of your support circle. Everyone is welcome.

Date	Day	Time	Location
