

# Special Presentation!

## What is Neuropsychological Evaluation?

At BCC  
Wednesday, December 14  
5:30 to 7:00 p.m.

... As a follow-up to the well-received presentation on the cognitive effects of breast cancer at BCC's annual breast cancer conference, we present a special topic—Neuropsychological Evaluation.

Hildy Agustin, Psy.D. will **define** “neuropsychological evaluation,” **identify** questions that a neuropsychological evaluation can answer, **explain** what happens during the evaluation, **detail** what to do with your results, and **provide** practical hands-on tips on what we all can do to improve our cognitive well-being.

Limited space  
Call the Helpline at (650) 326-6686 to RSVP.

*Hildy Agustin, Psy.D. is a psychologist in private practice in Menlo Park. She provides neuropsychological evaluations and psychotherapy for adults with medical health concerns, and has been a long-time volunteer at BCC.*

All BCC programs and services are provided free of charge.
